Srijana Maharjan

Female

Sydney, Australia

srizana.m@gmail.com

https://srijanamaharjan.github.io/

I started programming in high school and have done several projects since then in PHP, JAVA and Android. I worked at Augusta Information Solutions as PHP developer for one and a half years as junior Web developer and at Woxweb IT Factory for 1 year and 10 months as Web developer developing WordPress plugins and customizing themes and web applications using custom PHP. After moving to Sydney, i continued working in WordPress at The Intermedia Group as a contractor for a month. I have been working at Brightside, an insurance company for over a year now as a fullstack developer using PHP, JavaScript, HTML, MySQL, GIT, AWS, Machine learning, ElasticSearch and more.

Skills

Programming Languages: JAVA, PHP

Databases: MSSQL, MySQL, Oracle

Tools: Phpstorm, Eclipse, Netbeans, Sublime Text, GIT, SVN, Adobe Photoshop

Others: Web Development (Javascript, HTML, CSS,JSP, WordPress, LESS, jQUery, AJAX, Typescript), AngularJS, AWS
